We are not authorized to say so but ten candidates for Sheriff told us confidentially Tuesday that they were certain to be nominated. Four others were not accosted.

Mr. and Mrs. A.J. Clay, popular McRoberts people, were pleasant Eagle visitors.

Mr. and Mrs. Wesley Wright, Mrs. Willie Quillen and Miss Lettie Tolliver were delightful Eagle callers. The latch-string always hangs on the outside.

Two of our National Banks publish statements in this issue. Readers should carefully peruse every statement published. They are an index of the country's financial condition.

Dear candidate, have you merit? Remember every candidate should make his contest for office on his own merits. The position of every candidate on every vital question should be given to the voters so the voters could judge whom to support. When a candidate or his friends are afraid to speak out something is wrong. When a man tells you he favors enforcement of the law take a look at his record and see whether he himself obeys it.

The law requires the County

Clerk to publish in two issues of the county paper a list of all candidates who have qualified for position on the ballots. The law further says that each candidate shall pay over to the County Clerk 25c for his part of the cost. See Mr. Back and get your name on the official list.

Former County Judge, Jno. D. Fitzpatrick, who is asking for the Democratic nomination for County Judge, has been quite ill, but hopes to have his say ready for publication next week.

Dr. Geo. M. Adams, Hazard dentist and former popular Whitesburg citizen, was up this week just visiting and dalawhacking around.

After looking over the field and considering the many candidates running for the same office who under every circumstance would be his friend, Billie Williams withdrew from the race for Sheriff.

### Negro Peace Officers For Letcher County

Within the past few days Judge Whitaker has appointed five negroes as patrolmen for Letcher county whose names are as follows: Walter Zigler, D.C. Embury, John Robinson, Will Porter and Oscar Harvie.

These patrolmen are authorized by law to bear arms, make arrests and have such peace powers as are possessed by deputy sheriffs, and they are authorized to exercise their authority in any part of the county.

No negroes have ever been elected to office in the county and these are the first that have been appointed.

### Whitesburg Beats Hazard 2 to 1

The Hazard baseball team bit off more than it could chew Sunday when it attempted to come here and beat Whitesburg. The game was fast and marked by clean playing, light hitting and scoring, fast fielding and fine pitching. Morton for Whitesburg had the edge on Rogers for Hazard and struck out 10 men and allowed 7 hits, 1 run, 1 base on balls; Rogers gave 7 hits, 2 runs, 1 base on balls; each side made 1 error, 2 hits and daring base-running by Penniston and Snag in the second inning counted for Whitesburg's two runs while Hazard made its run on straight hitting in the seventh. All the Whitesburg team played well as did most of the Hazard lads, but we believe the best team won, and of course we are all rejoicing. A large crowd of rooters and "Dug" Day's mule witnessed the game. Whitesburg always could beat Hazard at baseball and the result didn't surprise us. The Hazard boys are a nice bunch and accepted defeat gracefully. The game ended with a sensational double play by L. Harris, Hale and Penniston. The score: Innings 1 2 3 4 5 6 7 8 9 Hazard 0 0 0 0 0 1 0 0 1 Whitesburg 2 0 0 0 0 0 0 0 2

### NOTES OF THE GAME

Hays in left made a nice catch or two.

The field was not in the best shape for playing on account of the rains.

Looks like Manager Sam Blair now has a real ball team. A little financial help from the public is needed to help on the expenses of running the team and bringing outside teams here for games.

Scotty in center, Gray in right and Snag at first did well.

W. Harris caught a fine game and Morton is the best pitcher seen here this season.

Nuckles, Eversole, D. and W. Combs were Hazard stars while Rogers pitched a good game.

Burley Hale is still the classiest shortstop in the mountains.

L. Harris and Penniston are fine all-round players.

Umpires Steve Corbett and Mr. Monhollan were fair and square and made a hit.

After the big game Whitesburg first team beat the second team 15 to 1.

All in all it was a glorious day with a still more glorious ending—for Whitesburg.

And, say, Mr. Sees, Mr. Millstone, Mr. Blackey, etc., we are ready for you.

### Announcement of S. T. Wright

To the Voters of Letcher Co.:

I hereby announce myself as a candidate for the office of County Judge on the Democratic ticket, subject to the action of the primary to be held Sat. Aug. 6, 1921.

Having been elected Justice of the Peace in Millstone district 4 years ago, and having served as Magistrate and as a member of your Fiscal Court since that time I feel that I am thoroughly familiar with the needs of Letcher county.

I am in favor of law and order, strictly, and an economical administration of the county's business affairs.

I solicit the support of all who desire to see the laws enforced and the business of the county economically administered.

S. T. WRIGHT

### ABANDONS CONTEST

Having been tendered a creditable position in the government service and having agreed to accept same Attorney John D. W. Collins, candidate for the Republican nomination for County Attorney, has decided to quit the race and so announced in a public declaration Tuesday. Mr. Collins had been debating the matter in his mind but when he so stated it came as a surprise to many of his friends. He retires with the best of feeling and good wishes of all and asks us to extend to his many friends and ardent supporters while he was in the contest. By struggles, the severest, and by hard work John Collins has forged himself to the front as an attorney and counselor at law and being yet a young man we may expect and we predict for him a career that will bespeak much for himself and his excellent family and his many friends.

## Facts vs. Falsehood

POLITICAL ADV.

Mr. Stump, my opponent, is sending broadcast a cartoon representing a little son of L. M. Honaker on crutches and in rags and further undertaking to represent that I took from him the sum of \$3,525. The facts are as follows: The little Honaker boy unfortunately had one of his feet cut off by a railroad train and his father employed Elwood Hamilton, a lawyer of Frankfort, to institute action against the railroad company and I was employed as local counsel by Mr. Hamilton to represent the boy. We instituted action in the Pike Circuit Court and obtained judgment for \$15,000 which was affirmed by the Court of Appeals. The money was collected by Mr. Hamilton and Mr. Honaker was paid his part for the little boy as provided in the written contract which he had with Mr. Hamilton but a difference arose between myself and Mr. Hamilton with reference to a division of the fee between myself and him and I thru an attorney instituted an action against Mr. Hamilton, of Frankfort, for a reasonable attorney fee which was compromised with Hamilton in a few days after the petition was filed. This suit did not affect the Honaker boy in any way as he got the amount provided for in his contract with Hamilton. These facts will be shown by an affidavit from Mr. L. M. Honaker, father of the boy, which is appended hereto. Mr. Honaker is a reputable business man of Pikeville and it is unfair to him to picture his little boy in rags as well as unjust to me to undertake to make it appear that I tried to slish money unjustly from this unfortunate boy.

I understand that a move is on foot to circulate on the eve of the election a report that I have withdrawn from the race and to wish to warn my friends not to countenance any false report that may be circulated for I am in the race to win and believe that the truth will triumph.

E. J. Picklesimer

THE AFFIANT. Landon M. Honaker, states that he is a citizen and resident of Pikeville, Pike Co. Ky., and is a jeweler and also engaged in the grocery business in Pikeville, Ky., and that he is the father of J. M. Honaker, who lost his leg in an accident by being run over by a train near the Pikeville depot in Pikeville, Ky., and that an action was brought in the Pike Circuit Court against the C. & O. Ry. Co. by J. A. Scott and Elwood Hamilton, attorneys of Frankfort, Ky., and that E. J. Picklesimer of Pikeville, Ky., was employed as local counsel to assist them in the trial of this action, that there was a judgment obtained in the sum of \$15,000 which was affirmed in the Court of Appeals and that O. A. Stump, candidate for the Republican nomination for Commonwealths Attorney of the Pike and Letcher district has circulated a cartoon representing that his opponent, E. J. Picklesimer, took from J. M. Honaker the little one-legged boy the sum of \$3,525 when in fact E. J. Picklesimer never received one cent or any other sum or amount out of the part of my son, J. M. Honaker's interest in said judgment, but that Mr. Picklesimer received only \$800 out of the fee of Scott & Hamilton and that Mr. O. A. Stump who is circulating the said cartoon, was present when the settlement was made between Mr. Picklesimer and Mr. Hamilton and knows that Mr. Picklesimer only received \$800 out of the part of Hamilton's fee and not one cent out of the boy's part of the judgment. I further state that I have no interest in the primary election as I am a Democrat but that I was raised up as a school boy with Mr. Stump and only make this affidavit that the public may know the whole truth about this matter.

L. M. Honaker

Subscribed and sworn to before me by Landon M. Honaker this 8th day of July 1921.

### WORK ON SANDLICK ROAD TO BE STOPPED

On Wednesday last the Division Engineer for the State Highway Commission made an inspection of the road on Sandlick Creek, now under construction, and was informed by the contractors at that time that Letcher county was not paying off for its part of the cost of this road, and that unless they could be paid as the work progressed, according to contract, they would have to quit the job.

This road is estimated to cost approximately \$80,000, of which the State is to pay 65 per cent and the county 35 per cent. However, the State is not obligated to pay any of its part of the cost of the road until the county has paid all of its part. Owing to the financial condition of the county, the State has agreed to advance the money to pay for the June estimate amounting to about \$8,500.

The Engineer has notified the authorities that unless Letcher county immediately raises \$10,000 to pay the contractors that the Highway Commission will advance no more money. Should the contractors be forced to abandon these contracts by reason of non-payment of the estimates, the State would doubtless be released from its obligation to pay its part of the cost of this road. It is therefore of first importance that ways and means be devised to help the county raise \$10,000 at once.

The county has bonds on hand out of which the sum could be raised but as the State law will not permit these bonds to be sold for less than par and as they are not worth par, no purchaser can be found.

It has been proposed that the property owners on Sandlick Creek and on Cambranch and other persons interested in the construction of this road, arrange to finance the sale of \$10,000 of these bonds. This would take approximately \$1,000 which would have to be raised by popular subscription.

A meeting will be held at the Courthouse Monday July 18 at 10 o'clock to discuss ways and means to insure the completion of this road, and all property owners and other persons interested are urged to be present.

It is indeed unfortunate that the county has managed its business affairs so poorly as to be brought face to face with the possible loss of \$85,000 which has been offered to it as a gift from the State. It would seem that private donations to the extent of \$1,000 are the only means of saving this large sum for the county.

## CRAWFORD'S APPEAL TO THE PEOPLE

TO THE VOTERS OF LETCHER COUNTY:

Ladies and Gentlemen—I am a candidate for County Judge of Letcher on the Democratic ticket. Of course I must first be subject to the action of the Democrats in the primary but as I am expecting to be elected, if at all, by voters of all parties I am making my appeal to all.

My platform is: Minimum taxation, maximum service. The greatest good to the greatest number and right in everything.

I stand fast footed upon this platform and four square to every adverse wind that blows against the peace and prosperity of our people. No one is so close to me as to attract me to himself against the public welfare and no one so bad as to prejudice my mind to an extent that I could not carefully consider his case on the merits of the case alone.

I believe in progress but economy is part of my religion. "Waste not, want not" has always been my motto.

I don't want anything I can't pay for, and don't believe in public extravagance.

If elected to this office I would consult the best minds among our whole people and take their advice as to what public improvements we most need and can afford. I have always said I did not care how much public money was raised if judiciously and economically expended. However, at this time I feel and unhesitatingly declare we have reached the peak in taxation and extravagance and if I am promoted to the head of your fiscal affairs we will try to turn back the ever increasing tide of taxation and generosity in public expenditures and try to accomplish as much with a low rate as others have with a high rate.

If you will elect me to this office I am confident I will try harder than any one ever has to husband your resources and expend your money in the most effective way. This is a sacred trust I am seeking and I realize it should be entrusted to the one you can best afford to trust from your own point of view. I shall not attempt to decide for any voter what he should do other than to let him know where I stand and what I stand for and ask him to consider my views and capabilities as compared with my opponents.

I have had a varied experience in human affairs. I have lived an open and independent life. The Golden Rule has been my guide. To those who know me I submit my case upon my record; to those who do not know me I respectfully refer them to those who do.

Fellow citizens, what has gone before is not the question. What is coming in the future is the only question. Let us carefully consider the future of our families and the welfare of humanity and when the decision is made and the people have spoken, let's accept the verdict and voice of the people as the voice of God whether we like it or not and help the people we elect to make us the best government possible. If I am elected I will want the assistance of all and if defeated I will be glad to help whoever wins to the extent of my ability.

Assuring you that I deeply appreciate your favors in the past; that I feel indebted to the people; that I feel no one owes me anything politically, and that I have no other motive in entering this race but service and that by your spontaneous consent; I remain as ever,

Your obedient servant,

C. C. CRAWFORD

## EDITORIAL

To say the least it is now high noon in the official political status in our county. For some reason, for no reason, for somehow, the county is full of candidates. Is someone telling the candidates big lies or are a great number of voters telling them little lies and thus keeping them all hot on the track? The people are the ones who are responsible for so many being in the field. It is not too late and candidates can yet quit the field and save themselves and their families much worry and expense. Why can't the voters be plain? True, nice people treat candidates nice, and because they do this they take everything for granted, pump up steam and go forth claiming the nomination steadfast and sure. There are 14 candidates for Sheriff now on hand. On Aug. 6 the boat is going to sink and only one is going to land safely on shore. Think of it! Thirteen great and noble men laid away in the catacombs forever! And think of Jailers! On Aug. 7 six of these from the bottomless pit of the bull hell will cry to the one "Do thyself no harm, we are all here!" Now, let the people stop deceiving candidates. For once speak out plain and the clouds will clear. In justice to your friends do this.

On the front page of the Eagle this week is an article referring to the Sandlick road situation as it now exists. The reader at a glance, will see in it a serious aspect and serious as it appears on its face it is yet more serious than is indicated. The plain truth is Letcher County has already spent fifty-thousand dollars or more on this road and if work for lack of funds stops now, or the ten thousand dollars necessary to complete it is not forthcoming the fifty thousand dollars already expended will be lost and not only this but the sixty-five thousand dollars to be paid by the State will also be denied us. Now, ten thousand dollars will save to the public about five miles of road that will indeed be an honor to our county. Read the article referred to twice and meet with us on next Monday. The matter is up to us and we scream it to you.

## Drawing for Position

It was a great time Tuesday when nearly all the candidates gathered in the County Clerk's office to draw for positions on the primary ballots. All wanted first position and when they failed to get this they each held for the last place. Judge Day drew first place for the Republican nomination for County Judge, Wm. Quillen, first for Circuit clerk; Amanda Gibson first for Sheriff; Bill Reynolds for Jailor; and J. M. Adams for Assessor. On the Democratic side Dr. J. D. Fitzpatrick drew first position for County Clerk; Next week as required by law we will publish the list complete as certified by the County Court Clerk.

Prohibition Director Sam Collins was up from Lexington this week.

## J. E. CHILDERS

### Makes Statement

I have been solicited by so many people of all shades of political opinion to become a candidate for Circuit Judge of the Pike-Letcher District, at the coming November election, that I feel it my duty to make a public statement with reference thereto.

I have no political ambition, and the emoluments of the office would not compensate me for the loss of my practice, and should I consider accepting the nomination at all, it would be solely out of respect to the wishes of the people of the district.

If I should ever hold the office again, my conduct and manner of holding court would be the same as when I was Circuit Judge before. Where the law pointed I would follow. I would not go beyond it. I would administer the law fairly, firmly, courteously, and impartially.

If a majority of the voters of the district can convince me that they prefer me to the present nominee, and that they will vote for me if nominated, and none of my near relatives are nominated on the opposing ticket for any office, and there should occur a vacancy, I will give the matter of accepting the nomination serious consideration.

J. E. CHILDERS.

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Bluffton, Ill., got rid of her ills. "During... I was awfully weak... My pains were terrific... I thought I would die... bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach... I simply felt as if I was to be laid to rest... My husband was worried... One evening, while reading the Sunday Almanac, he came across a use for a medicine... went straight for some Cardui for me to try."

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better, all my ills left me, and I went through... with no further trouble. My baby was fat and strong, and myself—thank God—am once more hale and hearty, can walk miles, do my work, though 44 years old, feel like a new person. All owe to Cardui." For many years Cardui has been found helpful in building up the system when run down by disorders peculiar to women.

## LONDONDERRY IS SCENE OF RIOTING

Constable Killed and Two Soldiers Wounded in Bomb Throwing.

## NEW VICEROY IS APPOINTED

Field Marshal French Will Be Succeeded as Governor General of Ireland by Lord Talbot—Change of Policy in Doubt.

Belfast, Ireland, April 4.—Serious disorders occurred in Londonderry. Constable Higgins was shot and killed by assassins who escaped; two bombs were thrown at the electric light station and two soldiers were wounded. In the firing could be heard the firing of two civilians were injured. The station property was not damaged by the explosion.

An attack was made on the police barracks in Lecky road, and two constables were wounded before police reinforcements, which arrived in an armored car, beat off the attacking force. The firing could be heard during the night, and great excitement prevailed. It is said in a dispatch received here.

New Viceroy is Appointed. London, April 4.—Field Marshal Viscount French of Ypres will be succeeded as Lord Lieutenant and governor general of Ireland by Lord Edmund Bernard Talbot, who has held the post of joint parliamentary secretary for the treasury. The appointment was due to the necessity under the home rule act of appointing a civil viceroy.

Lord Edmund was born in 1855, the youngest son of the thirteenth Duke of Norfolk. He is the uncle and heir presumptive of the present Duke of Norfolk and the first Catholic to become viceroy of Ireland.

Called Foremost Lay Catholic.

The London Times, referring to Lord Edmund as "the most popular chief unionist whip for a generation," says editorially: "Whether his qualifications as the foremost lay Catholic in England will amount to him as viceroy to the Irish people as the government seems to expect is an open question, but as he would scarcely have accepted the appointment without some assurance that the system of administration which he had followed for years as a count French's viceroyalty will hardly be maintained by all its intelligent rigor, he may enter his most important and useful career as viceroy."

Change of Policy in Doubt. The Times further remarks that the Irish problem cannot be solved by change in persons unless there be a change in policy and concludes:

"The comparative intransigence of the extensive shuffler and deal (in the cabinet) lies in the circumstance that it contains no clear indication of policy. It is a whirl of persons affected apparently without intelligible method or plan."

French's Rule Not Happy One.

Viscount French was appointed Lord Lieutenant of Ireland in 1918. At the beginning of the World war he was in command of the British forces in France and Flanders, a position he held until he was relieved by Field Marshal Sir Douglas Haig in December, 1915.

Such surprise was evinced when French was named viceroy of Ireland. The Irish nationalists expressed the belief that his administration would be characterized by repressive measures. His rule in Ireland never proved a happy one, because of his strong stand against the radicals and his declaration that a Sinn Fein republic could never be established there. In December, 1919, an unsuccessful attempt was made to assassinate him while he was visiting in Ireland. His party was ambushed and fired upon, but the Lord Lieutenant escaped injury. For some time there have been rumors of his possible resignation.

Home in Bonar Law's Place. As Lord Bonar Law's unexpected retirement as Lord Privy Seal and from the government's leadership in the house of commons has led to a reconstruction of the government on a much larger scale than had been expected. The most remarkable appointment is that of Sir Robert S. Horne to the chancellorship of the exchequer, succeeding Austen Chamberlain.

## IMPEACHMENT CHARGES FAIL

Report on Oklahoma's Governor Not Adopted by the House of Representatives.

Oklahoma City, Okla., April 4.—The Oklahoma house of representatives investigation committee's report, asking impeachment charges against Governor Robertson, failed to obtain the necessary votes for adoption, when final roll call was taken in the house. The vote was 42 for, 42 against, and 8 absent.

Summer Time Starts in Britain. London, April 4.—Summer time became effective in Great Britain at two o'clock Sunday morning, when all the clocks in the United Kingdom were set forward an hour. This will be the sixth year the daylight savings schedule for the summer months has prevailed in England.

## Could Beat Hands Shucking His Corn

At Least J. A. White Would Bet so after Being Relieved of Dyspepsia by Tanlac

"My wife and myself had stomach trouble," says Mr. J. A. White residing on the Leestown pike R.F.D. No. 6 near Lexington Ky. "and have been nervous and rundown."

"We could not see anything without suffering afterwards and could not sleep at night. We were regular nervous dyspeptics. We tried many remedies without permanent benefit until we heard of Tanlac. I got this medicine and began using it. We noticed immediate results. We are both greatly improved by Tanlac. We give all credit for the change of health to Tanlac. It is a remarkable medicine."

"I personally feel so good that I told my hands a day or two ago that I could have beat any of them shucking corn. I meant it and believe I could have beat them."

Of all medicines that afflict humanity chronic dyspepsia, such as Mr. and Mrs. White suffered from, is probably the most prevalent and hours might be consumed in describing the sufferings, mental and bodily, of the victims of chronic dyspepsia.

A morbid, unreal, mental and bodily, of the victims of chronic dyspepsia.

A morbid, unreal, whimsical and melancholic condition of the mind, aside from the nervous physical suffering is the usual state of the average dyspeptic and life seems scarcely worth the living. Tanlac, the celebrated medicine was designed especially for overcoming this distressing condition and millions of people have taken it with the most astonishing and gratifying results. It seems to go straight to the spotting up and invigorating every organ of the body.

Mrs. Will Hall is now at her mother's home and Mr. Hall is out in his race for Sheriff seeing the people and asking for votes.

## JACK JOHNSON LEAVES PRISON

Former Heavyweight Pugilist Quits Leavenworth After Serving 10 Months.

## \$1,000 FINE PAID BY WIFE

Negro Is Given Two Months Off For Good Behavior—Offered \$10,000 to Meet Fred Fulton, Ex-Convict.

Leavenworth, Kan., July 11.—Jack Johnson, former heavyweight champion pugilist of the world, walked from the federal penitentiary here Saturday a free man, after a stay of ten months in the prison on conviction of violating the "white slave" act. His sentence was for a year but he was given "good time" for good behavior. A fine of \$1,000, which had to be paid before he could be released today, was paid yesterday.

Lucile Cameron Johnson, white wife of the former champion, arrived from Chicago and was with him upon his release. Asked to Fight Fred Fulton. Johnson has received many telegrams in the last few days. One message, according to the former champion, was from Elmer Tenney of New York, containing an offer of \$10,000, with a 50 per cent option, to meet Fred Fulton at Havana, Cuba, Nov. 15 of this year. Another message gave details of a homecoming reception being planned in Chicago.

The pugilist, his wife and her aunt, Mrs. J. Adams of Chicago, who accompanied Mrs. Johnson here, remained in Leavenworth until evening at the home of Burr H. Rowlin, a prominent negro of this city, and then left for Chicago.

## TO SURVEY WATERWAY PLAN

United States Party Off Monday to Go Over Lakes-to-Ocean Project.

Niagara Falls, N. Y., July 11.—The federal government and its states will be represented on the tour of the proposed Great Lakes-St. Lawrence waterway project, to start from here on July 11. Several members of President Harding's cabinet, United States senators, representatives, state executives and engineers will probably make up the party, which will make the trip under the auspices of the Great Lakes-St. Lawrence Waterway association. The trip was planned so that the official representatives of the association might obtain first-hand knowledge of the proposed improvements necessary to open the great lakes to ocean-going commerce. The members of the party will be guests of the Canadian government, which will place a steamer at their disposal for the trip through the Welland canal to Toronto, up the St. Lawrence river to Quebec and the return to Montreal.

## TRY TO FIRE TROOP TRAIN

Ambushers Pour Gasoline on Coaches Carrying British Soldiers in Ireland.

Dublin, Ireland, July 11.—A passenger train, on board which were soldiers going from Dublin to Cork, was attacked at Clonsilla, outside Dublin. Bombs were thrown and a machine gun was used to set the train on fire. Petrol was poured on the roofs of the coaches as they passed under a bridge from which blazing material was thrown. The military fired at the attacking party as the train stopped. At Clonsilla, County Limerick, John Moloney, a former soldier, was taken from his home and shot dead. The body of William MacPherson, an ex-soldier who was kidnapped, was found, labeled "Rip."

## Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarette aftertaste,

It's Camels for you.

### REPORT OF STATE COMMISSION

Governor Heartily Commends Recommendations Made After Months of Study

State Educational Commission sitting in the office of Mr. Alexander O. Barrett, its Secretary.

### The Preliminary Report of the Commission With Governor's Approval Across the Bottom Is Given Below

Hon. Edwin P. Barrett, Governor of Kentucky, Louisville, Kentucky.

The Commission appointed by you pursuant to the act approved March 23, 1920 to make a survey of the public educational system of the State and to report its findings with recommendations for improvement, to the Governor, has completed its field work and is now engaged in preparing its report which will be before you prior to the meeting of the next Legislature. We have already presented for enough local your attention to our future of our system, the improvement of which is fundamental to the future development of our schools.

The upholding of a sound system of public schools which will give our children educational opportunities worthy of the state and which will give country boys and girls adequate and efficient and opportunity of advancement. The cities are more or less independent. They choose their superintendent of schools on the basis of experience. The care and direction of the county schools is in the hands of the County Superintendents and the State Superintendent of Public Instruction. The County Superintendents are now for the first time chosen by the County Boards of Education, a great step in advance. The State Superintendent claims to be a political office. The interest of our schools demands that the office of the State Superintendent of Public Instruction should cease to be a political office and that our schools cease to be administered on a political basis. The State Superintendent should be an educator whose qualifications and term should be fixed by the Legislature or by a Board of Education created by the Legislature.

At the general session, next January, there will be submitted to the voters of the State a constitutional amendment, one of the last of eleven state officers, the other facing a part of the public school funds to operate educational opportunities and to encourage school improvement. Unless these two amendments are adopted our schools are in educational progress in Kentucky is doomed to be essentially slow.

We recommend through you to the people of the State that the active help of every parent and every organization, educational, agricultural, commercial and industrial, be given to the passing of these two constitutional amendments so decisively that the whole state will realize that we have started upon a program that will give both city and country boys and girls educational opportunities as good as those provided by any State in the Union.

Very respectfully,  
EDWIN P. BARRETT, Governor

### DROP PARTY TIES ON BONUS BILL

Senate Advocates Fight the Administration Plan to Shelve Measure.

### McCUMBER LEADS MOVEMENT

North Dakota Senator Chides Secretary Mellon for Delaying His Effort to Defeat the Bill—Charles G. Fair.

Washington, July 11.—Severing party ties, friends of soldier bonus legislation in the Senate joined in a powerful coalition movement to frustrate the administration plan to shelve it indefinitely.

The movement was led by Senator McCumber of North Dakota, author of the bonus legislation and in charge of it on the floor. In a long speech he denounced the sudden activity of the administration against the bill and challenged the statement of Secretary Mellon that its cost would empty the treasury.

The senator also accused administration leaders of bad faith in opposing the bonus legislation while countenancing the appropriation of hundreds of millions for other purposes, which, he said, might be dispensed with.

**Fails to See Economy.**  
"Despite the earnest plea for economy and retrenchment of the President and the secretary of the treasury," Senator McCumber said, "this Congress has except aside their recommendations and has put out millions and hundreds of millions in new fields of government enterprise. Moreover, it intends to appropriate millions more."

"Now the question is whether we should postpone these appropriations, as we can do conveniently, or slight the great need of the soldiers. It is my opinion that we cannot afford to postpone our duty to these boys."

Senator McCumber chided Secretary Mellon for delaying his effort to defeat the bill until it came up for consideration. He also asserted that Senator Frelinghuysen of New Jersey had written the secretary for his views on the subject to allow him to state his opposition to it.

**Objectives Late in Coming.**  
"The secretary's letter," the senator said, "was suddenly injected into the matter a long time after the bill was introduced and reported by the senate finance committee."

"It would have been more pleasing to the country if the secretary had presented his objections while the committee was considering the bill, instead of waiting until this late date."

### EX-KAISER BALKS AT TAXES

Former German Ruler Says He Is Virtually a Prisoner, Therefore Exempt From Dues.

London, July 11.—Former Emperor William is in conflict with the municipal council at Dorn over the question of paying local taxes, and the pressure of the law is threatened to enforce payment, according to a Dorn dispatch to the Daily Mail. William is said to contend that the municipality is not entitled to demand the tax levied against him because he came to Holland "unwillingly" and is practically held a prisoner; therefore, he is unable to taxation like a free citizen. It is maintained by a majority of the council that he came voluntarily and chose to reside in Dorn voluntarily and that consequently if he does not pay local taxes he must be taken. William, it is added, has also protested against the income tax, which it was decided last October he must pay the Dutch government.

### DELAY PEACE PROCLAMATION

Offer Action That Many Important Points of Law May Be Fully Covered.

Washington, July 11.—A tentative draft of a proclamation of the state of peace with Germany and Austria was taken to the cabinet meeting by Attorney General Daugherty, but it was indicated afterward that the document might not be ready for the President's signature before next week.

It is understood that when the subject came up in the cabinet room, the discussion revealed that so many points of law would have to be covered in such a proclamation that a more exhaustive study would be necessary.

### RAIN SAVES MICHIGAN TOWN

Bellville, Mich., July 11.—A heavy rainfall extinguished a fire that had destroyed the business district of this village and was threatening, despite the efforts of fire companies from Tawas City, Marquette and East Jordan, to destroy the entire town. A score of buildings were burned, with a loss of \$200,000. The fire was caused, it was believed, by crossed high tension wires.
